10 Noyori Materials Science Laboratory Chemistry Gallery

The Chemistry Gallery includes an exhibit dedicated to Professor Ryoji NOYORI's research, which won him the 2001 Nobel Prize in Chemistry. Open 10:00-16:00, closed on Sundays, Saturdays and Holidays

9 ITbM · ITbM Gallery

The Institute of Transformative Bio-Molecules leads the interdisciplinary molecular research. The gallery section at the entrance is the only area open to the public. *See the ITbM Gallery website for more information and a schedule of its exhibitions. Open 9:30-19:30, closed on Sundays, Saturdays and Holidays

8 E and S Building · 2008 Nobel Prize Exhibition Room

Established as a space to commemorate our Nobel Prize winners, including Dr. Toshihide MASKAWA and Dr. Makoto KOBAYASHI (2008 Nobel Prize in Physics) and Dr. Osamu SHIMOMURA (2008 Nobel Prize in Chemistry). It also houses the Sakata Memorial Archive. Open 10:00-16:00, closed on Sundays, Mondays and Holidays

7 Disaster Mitigation Research Building

Established as a location devoted to cutting-edge research and education on disaster prevention and mitigation. It arranges exhibits and seminars for the general public. *Please check for up-to-date hours of operation on our website.

6 Akasaki Institute

Taking Professor Isamu AKASAKI's research accomplishments as its point of departure, the institute exhibits laboratory equipment and other items involved in the development of blue LED technology. Open 10:00-16:00, closed on Sundays, Mondays and Holidays

5 Central Library · OKB Takagi Family Documents Exhibition Gallery

NU's academic information center. Materials in part in the collection are also available to visitors. OKB Takagi Family Documents Exhibition Gallery is open to the public. *Please check for up-to-date hours of operation on our website. The exhibition gallery is open until 30 minutes prior to the library closing.

"Venti Punti,
Dieci Rette Incrociate"

Project Gallery
「clas」

3 Project Gallery「clas」

A gallery that aims to nurture the next generation with academic ability and a rich human perspective through liberal arts and science education. *Please check Facebook for opening times.

4 Felice Varini "Venti Punti, Dieci Rette Incrociate"

This public art piece was created by Felice Varini, a contemporary artist born in Switzerland and living in France. Experience the mysterious red lines in the space! Stand at a certain point in the courtyard and a magnificent view will emerge.

2 Botanical Garden · Seminar House

Over 500 species of plants for education and research are seen in the garden. Temporary exhibitions are also open at the seminar house. Open 10:00-16:00, closed on Sundays, Saturdays and Holidays

Museum
1

1 Nagoya University Museum (Furukawa Hall)

Beyond NU's history and research, museum exhibitions also draw attention to the natural environment and art of our region. Admission is free. Open 10:00-16:00, closed on Sundays, Mondays

A major symbol of our university, where entrance and graduation ceremonies, concerts, international conferences, and similar events are held. It was donated by the Toyota Motor Corporation in 1960. The quad in front of the auditorium is open to the public as a leisure space.
